Success Story Of A Brave Woman

Residing in Pune, Priyanka never let her shortcomings bring her down. On the contrary, her determination was stronger than her disability. Coming from an average family with three siblings, Priyanka wished to pursue higher education, but financial challenges caused hindrance to her dreams. Eventhough circumstances weren't in her favour, she never stopped ceasing. She believes, **"If you want to live a better life, no one but yourself should work towards it"**.

She came across our **Employability Skill Development Program**, and she knew that she had found her way. She was able to complete the **45 days program** that proved to boost her confidence and helped her get a job at Rin Rashi Financial Services, Chinchwad. She now supports herself and her family. With Priyanka's success, we hope to inspire and continue to provide young women with the skills and opportunities they need to pursue their dreams and aspirations.

"Disability was never a hurdle for me. Vipra foundation helped me harness my skills and find a job accordingly. I am thankful to the organization at all times." **say a beaming Priyanka.**
